get out of last place. The results:

The Brooklyns lost a game at Washington Park yesterday afternoon. They would have been lineky to win, as Catcher Smith, who is filling in at third base just now, went to sleep on the bases at a critical stage of the game, and at another critical stage, namely, in the ninth inning, when the New Yorks scored two runs, he missed a grounder from the bat of Warner a few minutes later muffed an easy thrown ball which would have forced a rinner out at third. These misplays, coupled th a scratch hit by Foster filled the corners. The Brooklyn infleiders succeeded in catching Brooklyn infleiders succeeded in catching men at the plate but with the bases still filled, ich laced out a hard rap to left field, kird after a long run succeeded in getting ands on the ball but it was too swift for to hold and Selbach got to second, sending coruns which won the game for the New S.

in two runs which won the game for the New Yorks.

There was another incident for the Brooklyn players in the ninth inning besides that of losing the game. Doheny's hit was a little fly which dropped close to the third base line. Umpire Connolly called it a fair ball, whereupon Pitcher McGinnity tore off his giove and threw it violently cathe ground. Then he made a rush at the official, as did Smith, McGuire, Dahlen a d Jennings. They argued it was a foul ball and McGinnity's remarks were so vigorous that the umpire soaked him with a five-doilar fine. There was a kicking episode in the eighth inning, when Dahlen was at the bat. He was shifting his stick to make a bunt with the small end when he was hi by a putched ball. The umpire ruled that he was not entitled to a free pass because he had not made sufficient effort to get out of the way of the ball. Jennings, McGuire, Sheckard and lahlen gathered about Connolly and argued with him, but he told them sharply to get back to where they belonged. Davis and Warner made a prolonged kick in the sixth inning Jones had stolen second base but the New York players declared that Dahlen who was at the bat had interfered with Warner as he was about to throw the ball. They lost their case and as Davis was walking off one of the spectators yelled "Don't cry about it." Davis made another "holler" in the ninth inning when he was thrown out at the plate by Keeler. The umpire had a hard day of it.

It was about an even thing between the pitchers, both sides getting eight his aplece. The bases on balls were about even up also. Keeler's throw to the plate which caught Davis was about the best fielding feature of the game. The score:

VICTORY FOR YALE. Her Track Team Defeats University of Cali-

fornia by 8 1-2 to 3 1-2 Points. NEW HAVEN, May 5 .- Yale's track team met the team of the University of California at Yale Field to-day and won by the score of 81/4 to 31/4 points. By agreement firsts only were to count, and each of the twelve events were figured at one point. The Californias won the hammer throw, the high jump and the 100-yard dash. The running broad jump was divided. The blustering wind and cold was against

any close approach to the records. California's team surprised the 1,000 spectators by the excellence of its condition. Although the change of climate and the long ride across the change of climate and the long ride across the continent doubtless had a slight affect, it was not apparent. Yale was pushed closely in each of the events won by her. The Californians, however, won theirs quite easily.

The 220-yard hurdle was won by Yale, but only by luck. Woolsey of California was in the lead by two feet at the last hurdle and gafning at each stride. He tripped in going over the hurdle and J. B. Thomas of Yale won. This was the only event in which anything except merit counted. Cadogan of California and Boardman of Yale put up a pretty race in the 220-yard dash. It was nip and tuck from the report of the pistol until the tape was reached. Boardman won by a splendid spurt in the last thirty feet. In the half-mile run H. P. Smith of Yale demonstrated his fitness for that distance by taking the lead handly and maintaining it to the end. In the one-mile run California's men were forecasted for the place, if not for a win, but W. B. Weston beat the field in the last few rods. H. Spelier, also of Yale, followed close at his heels. The 120-yard hurdles again showed the superiority of Yale. J. B. Thomas, Jr., defeated T. L. Hamlin of California in a hair-raising finish. In the running high jump Woolsey and Hoffman of California displayed superiority over their competitors. They were so evenly matched that after winning the event in a tie jump they were unable to settle the question of victory in six tries. A toss of the coin won the medal offered for Hoffman.

Yale students are highly elated over the signal victory and prophesy great things for their team when it meets that of Harvard on next the games was called into service for a celebration to-night, and incidentally the defeated visitors were treated to a serenade. Summary of the events follows: the continent doubtless had a slight affect, it

Basketball at Vassar College.

POUGHEEPSIE, May 5.—The match games of basketball between the feur classes at Vassar College were scheduled to take place this afternoon. The sophomore-freshman game was postponed, but the one between the seniors and juniors furnished excitement enough to make up for it and leave some to spare. For two twenty minute halves the contesting teams struggled for advantage without either side scoring a point. There were many brilliant combination plays and several good individual efforts. The dash and vigor of the haitle won hearty applause from several hundred on-looking students. At the close of the second half neither side had scored and play was continued for five minutes. Victory finally perched on the standard of the juniors through a fine play on the part of Alss Holmquist, who made a goal on a field throw. The score was 2 to 6.

the visitors proved victorious by 42 up. The star match of the day was that between W. J. Travis of Garden City and H. M. Forrest of the Philadelphia Country Club. Though the local men finished 5 down, Travis had to play championship golf. The summary for the first

eighteen holes follows: New York. Hamilton.... F. W. Menzles 5 Totals Total .. The final summary: New York.

BAYSIDE, May 5.—The teams of the Nassau Country Club and the Oakland Golf Club met on the links of the latter club this afternoon, and after eight pairs had returned cards the local players were ahead by eight holes, the score being 13 to 5. Townsend Lawrence and Dr. W. S. Brown shone forth as the bright particular stars. These players scored twelve of the thirteen holes made by the Oakland representatives. Despite the fact that he was handicapped by the absence of some of the best players of the club, such as W. J. Travis and J. Gordon Douglass, Capt. A. W. Rossiter secured a creditable team. The feature of the afternoon's play was the performance of I. D. Ireland, and, incidentally, his opponent, J. R. Maxwell, Jr., on the seventh hole, the Punch Bowl, 300 yards. Ireland made a regular Vardon drive, and by a clever approach shot landed on the green. The ball rolled within six inches of the cup. After playing his fourth Maxwell's ball struck Ireland's and, with pool-like accuracy, sent the latter's sphere rolling in the cup. Par golf for this hole is 4. A return match will be played at Gien Cove next October. The summary:

Perhaps the most important event to occur recently in local golf has been the formation of an entirely new club to take up and develop the links at Fox's Hills, Staten Island. Last summer the Staten Island Cricket and Baseball Club spent over \$6,000 in draining and laying out the course, and some twelve thousand in \$1.00 and \$1.00

Columbia's golfers played their first match of the year yesterday at the Harbor Hill Golf Club, but it cannot be said that the boys showed a brilliant game. The match was originally made against the Sophomores, but as the class could not make up a team, the entire 'Varsity was called on. Edwards, who is perhaps the longest driver in this country, was one of the players. There was also a handicap decided. The scores:

CANOES ARE THE FASHION THIS YEAR. Our Morris canoes never leak and the 17-foot size,

carrying a couple of outers and their camp equip-ments, paddle easily on lightdraught. The price, \$40, is for a highly finished, first grade craft, with cane seats, brass bow and stern pieces, outside keel and removable floor-boards. We are also agents for the cel ebrated Rushton canoes and have them from the tiny 10% foot size, suitable for one man on a small stream, to the 15.6x30 Vesper model, fit-d for tan dem sailing. The Rushton canoes are the light st dem sailing. The Rushion cances are the light st, fastest and most beautifully finished cedar craft on the market, and their prices range from \$27.50 to \$165. We also provide everything that the canceist and camper requires, aluminum camp kits, folding cots, air beds and tents, and can completely equip aman for cruising and camping on the Hudson Long Island Sound or in the Adirondacks, Desiing with us, you do not have to order your boat from a catalogue and wait until the craft is shipped from the factory. We have every style of cance adapted for every kind cruising and do not make an advance over factory charges. This is a convenience which has never before been offered to the New York public, and which we believe they will be quick to appreciate.

A COMMON **ACCIDENT**

to pneumatic tires is that of the valve shearing off against the rim, thus necessitating the purchase of a new TOOLS TOU'LL SEED. tire. This is caused by the tire "creeping" or moving around the wheel, and is common to all tires which are cemented to the rim.

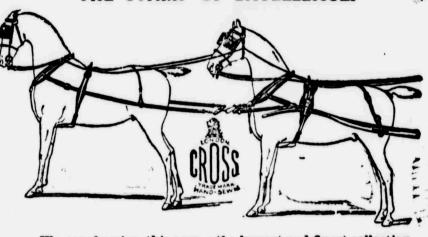

It cannot occur in the Dunlop Detachable Tire, which is held on the rim by inflation, and does

not depend upon treacherous cement. The Dunlop Tire can be put on and taken off without tools; just use your hands.

"THE STAMP OF EXCELLENCE."

We are showing this season the largest and finest collection of harness and horse goods ever brought together in this country.

We have on hand first-class harness suitable for every vehicle in use, and we also make a specialty of harness to order for light driving and heavy carriage use.

In addition to our harness department we manufacture the highest class of leather novelties, such as pocket books, smokers' articles, traveling bags and portmanteaus, made in our workshops in England and America. This enables us to offer you a fine line of goods at reasonable prices, and it is not possible for any other house to offer the advantages that we do.
